BED BUG TREATMENT PREPARATION LIST

PLEASE READ CAREFULLY. IF THERE ARE ANY QUESTIONS, PLEASE CALL (646) 935-9889.

PLEASE SIGN AND GIVE IT TO PEST CONTROL PROFESSIONAL.

1. Remove all blankets, sheets, pillows, bath towels and drapes/curtains and put them into a bag to transport to laundry. Plush toys should also be sent to the laundry. Use hot water and maximum hot temperature in dryer.
2. Empty drawers and closets and place belongings into plastic bags.
3. Plastic toys, books, electronics and anything that cannot be washed should be bagged for inspection.
4. The room should be as empty as possible.
5. Move furniture at least 18 inches away from walls.
6. Remove outlet covers and wall switch plates on all walls.
7. Picture frames should be removed from walls and cleaned and treated.
8. People and pets must leave the area for 4 hours.
9. We are very detailed oriented in taking care of the situation.
10. Please take care of your cash and jewelry.
11. If there is a fish tank, it should be covered with a towel or plastic because fish are very sensitive to pesticide.
12. Make sure the pest control professional can get to all furniture, closets, beds, and baseboards to inspect and treat.
